OVER 50 NEW 64-BIT GAMES PREVIEWED!!

In your face games like Doom will send you to another reality often saner than our own.
(as shown above)

it's time for

TRUE 64-BIT video games

ATARI®

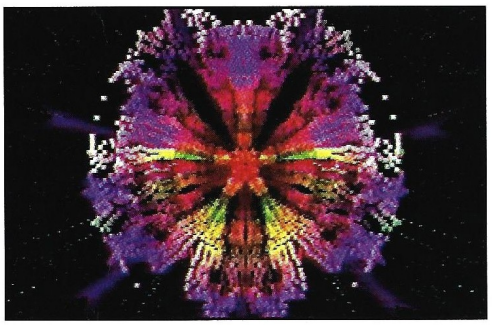
DO+THE MATH

This is just the beginning for the Jaguar 64-bit system. There are a ton of new games on the way for '94 and '95 designed to harness the Jaguar's insane power. A power that's rapidly making other video games history.

Experience sports games so intense you'll feel the turf burn, combat games that'll drain pints of your blood, and dizzying virtual reality games like Doom and Alien vs Predator. Can you stomach a few thousand body blows? You'd better, because in Kasumi Ninja and Ultra Vortex we've taken brawling to the 64th level.

What makes Jaguar games so awesome? The raw power of 64-bit technology that CD-quality stereo sound, 16 million colors, and incredible 3D animation. No wonder it was voted the best hardware system in Europe and America!

Jaguar 64-Bit Interactive Multimedia System



Be prepared for a spectacular light show when you play your audio CDs!

This high-quality, double-speed CD-ROM unit plugs into any Jaguar console. Cinepak™ technology delivers full-screen, true color, full motion video and audio. You can even play your audio CDs to access the Virtual Light Machine light show!

Jaguar CD Multimedia Player

64-bits of power.

16.8 million colors.

106.4 megabytes-per-second data path.

And an incredible 850 million pixels-per-inch rendering speed.

It's a numbers game, and the Atari Jaguar 64-bit interactive multimedia system beats all.

First, there was only a knob. Then came the one-button controller. Later, two-button controllers surfaced, allowing for more technique and action. A few years ago, we were treated to three- and six-button controllers for more gameplay. Now, with a total of 18 buttons, the Atari Jaguar system offers more gameplay options than any other system today. Even complex computer titles like Doom can be translated smoothly and effortlessly. Try that with a knob! The Atari Jaguar. 64 bits. Do the Math.

DOOM™

now there's a place

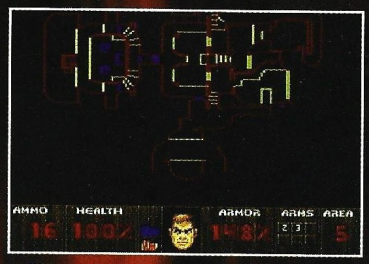
MORE VIOLENT than earth.

Being stranded on a demon world sure bites, doesn't it?

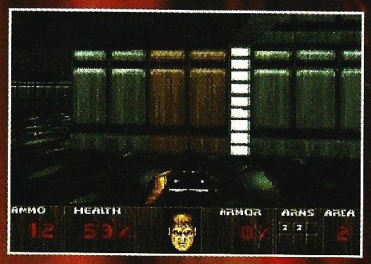
If you're lucky you just might find a safe corner to hide in.

After receiving a distress call, you've been ordered, along with your buddies, to Phobos, the test site of interdimension space travel. You are assigned to secure the perimeter of the Phobos base while the other marines head inside. From outside the base, you hear the carnage: guns firing, men screaming, bones cracking...then silence. Suddenly you're the last galactic marine alive thrust into a bloody, gore-ridden underworld. Packing everything from chainsaws to the mighty BFG 9000, it's up to you to avenge the brutal slaughter of your men.

Oh @#%!! Out of ammo! Better high-tail it outta here!



To get your ass out of this mess, use the automap.



Always get your shotgun ready before you enter...

Maybe you can find a few cool tricks to help you escape.

This is the BFG 9000. Can you guess what BFG means?

"Doom on the Jaguar is the best Doom on any platform."
—John Romero, id Software.
"This game already has created a sensation on the PC side and is an unqualified addiction for those lucky enough to play it. This could be a guaranteed system-seller for those still considering a Jaguar purchase.

Ooo, that's gotta hurt! Use a fatality move to finish him!

Yet another fantastic finish! He never knew what hit him.

Welcome to Kasumi Island. For many generations, the small, well-hidden island of Kasumi in the West Pacific Rim produced the greatest Ninja Warriors. With the help of the Ninja gods, the island has been shrouded in secrecy. Recently, one of the eldest Ninjas, Gyaku, went berserk and killed the other elders on Kasumi. He has proclaimed himself Lord of Kasumi. You, a neophyte Ninja, have been chosen to defeat Gyaku and reclaim the Dragon Cloud Temple where Gyaku is planning his overthrow of Kasumi. The gods cannot help you directly, but they can bestow the persona of a powerful fighter from one of the world's fighting races upon your Ninja character.

> "In 1994, a game system can't get by without a few fighting games, and Atari is taking steps to ensure that fans of the genre aren't ignored. As with most fighters, Kasumi Ninja offers a variety of characters and battle venues. The graphics are stunning, featuring layer after layer of 3D imagery."

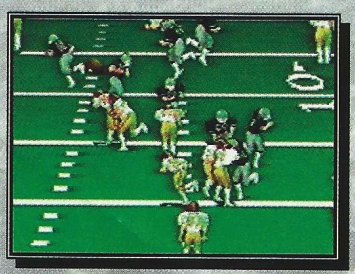
TROY AIKMAN NFL FOOTBALL™

Troy Aikman Football for the Jaguar features the new 2-point conversion rules and salary management. The play design and custom season features also add to the game's intenseness. The Jaguar's keypad makes play selection a snap.

"Troy Aikman NFL Football for the Jaguar is intense enough for the Pros and simple enough for a Rookie."
—Williams Entertainment

Call your plays carefully. You're in the big leagues!



Pick off the pass, or pick off the turf on your face.

10 seconds left.
NO TIME OUTS.
no worries.

ULTRA VORTEX™

A great fighter's tournament is taking place in a netherworld, and you've come to kick butt. Choose from 8 valiant fighters from different dimensions to work your way to the final battle with the entity who called you to fight. Amazing sounds, and graphics highlight this great title.

"Ultra Vortex will make some people stop and turn their heads this holiday season!
—Ken Williams, EGM²

Nothing like some shock therapy after a cool win.

Pick a fighter. Just don't look funny at the big guy...

never look a
STONE DEMON
in the maw.
